# Today's Agenda

- Anouncements
- In Class Activity
- Debate group work time

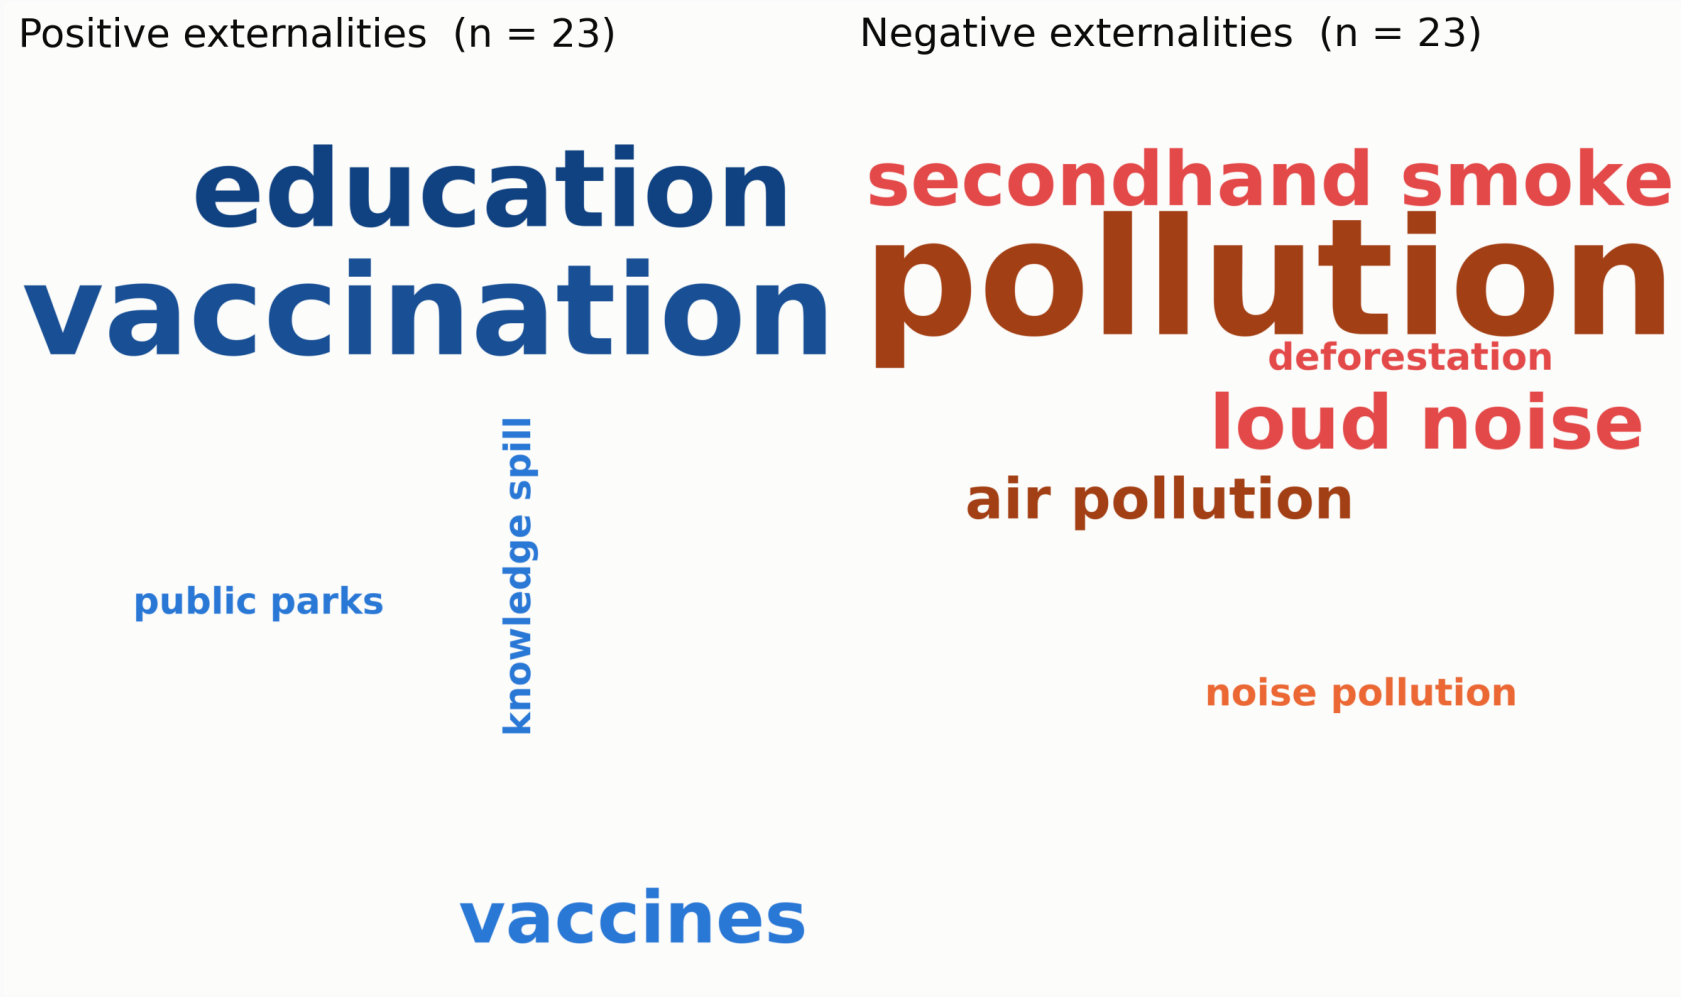

# Midterm 1

- Results will be available two weeks from now.
- You must speak to me first in person about any questions you have regarding the midterm before asking the instructors or head grader.

# Week 7 Debate

- Your task will be to develop a policy proposal to address global climate change in some way, as well as providing some detailed economic justification for that proposal, using the concepts and theories we have covered in this class.
- You can find relevant information and resources on the Canvas page.
- Your group will be responsible for presenting the policy and your supporting arguments, including the economic reasoning for that policy, for 3-4 minutes.
- We will allow some time at the end for other students to ask your group questions about your policy.

# Externalities: what did you come up with?
